

ST JOSEPH'S INSTITUTION JUNIOR

A Lasallian School of the *De La Salle* Brothers

REF: SJIJ/2018/04/582

3 April 2018

Dear Parents/Guardians,

As an extension to the SBA writing on 'My Favourite Animal' that was completed last term, we will be having a "Show and Tell" practice session for the boys this term in Week 5. This session is an opportunity for your son/ward to speak in front of his teacher and classmates. The topic, guiding questions and a graphic organizer are provided with this letter. Please use them to guide your son/ward at home. Your son/ward's English teacher will provide the necessary feedback. Please note that there will be **NO** grading for this "Show and Tell" task for this term.

The topic is '**My Favourite Animal**'.

In preparation for the Show and Tell, he has to:

1. write a simple draft based on the above questions (minimum of 5 sentences)
2. make an attempt to memorize his presentation
3. practise presenting in front of parents and family with a toy or a picture of his favourite animal.
4. bring a toy or a picture of his favourite animal to school (if possible) on the day of Show and Tell

*Do note that we do not require any preparation of PowerPoint Slides.

We look forward to your son's presentation.

Yours sincerely,

Ms Cheryl Tan
Primary 1 EL Rep

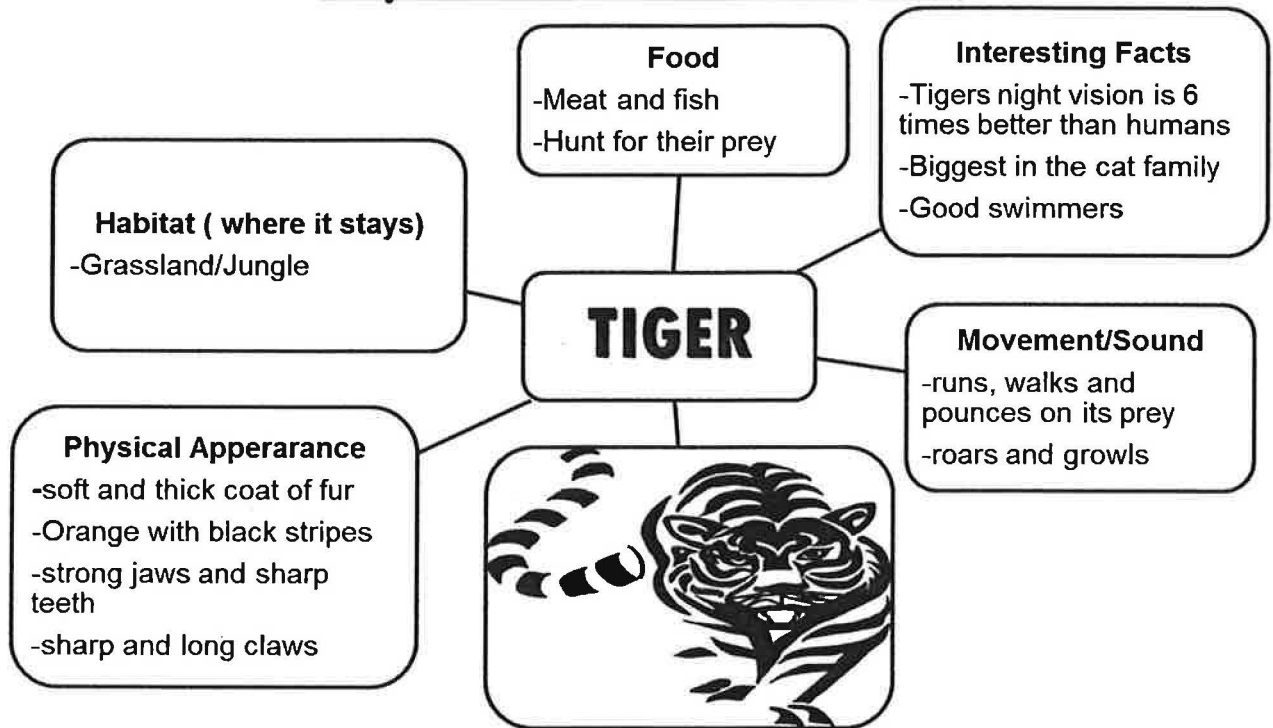

Mrs Serene Ng
HOD-EL

My Favourite Animal

Blank Template (for your reference and use)

Some points that he may want to include in his presentation:

- What is your favourite animal?
- How does it look like?
- What does it eat?
- Where can you find it?
- How does it move around?
- Why is it your favourite animal?
- Any other interesting facts about your favourite animal?

SAMPLE TEXT

My favourite animal is the tiger. It is the biggest in the cat family. We can find a tiger in the jungle.

It has a soft and thick coat of fur which is orange in colour with black stripes. It has strong jaws and sharp teeth. Its claws are sharp and long too. A tiger hunts for its prey. It usually eats fish and meat.

Do you know that a tiger can see very well at night? A tiger's night vision is six times better than humans. A tiger can swim very well too.
